STEVIE NIMMO Trio

As one half of Scotland's highly respected 'Nimmo Brothers', Stevie Nimmo has been a well known and respected figure throughout the blues and roots world for over 15 years. Now, having toured extensively with the critically acclaimed blues rock outfit over the last few years, as well as taking to the road in a stripped back, acoustic format to continue promotion of his debut solo project 'The Wynds of Life', Stevie is now setting out on a new adventure in a full-on, electric, no-holds-barred trio format.

Quand il ne joue pas avec son frère dans l'excellentissime combo The NIMMO BROTHERS, STEVIE NIMMO se produit avec son propre trio pendant qu' ALAN tourne avec King King
